HEALTH CARE LAUNDRY SERVICES

THE CROWN COLLECTION

Linen & Apparel Rental Solutions

Dear Valued Partner,

At Crown Health Care Laundry Services, everything we do is grounded in our EPIC principles: *Excellence*, *Passion*, *Integrity*, and *Customer Service*. These four values guide our decisions, define our culture, and shape every customer relationship we build. They are the reason our teams show up every day ready to serve and ready to support the people who care for others.

Crown has served the Southeast for over 70 years, specializing exclusively in healthcare linen for three decades. We've built our reputation on reliability, innovation, and service that never cuts corners. Whether you're running a high-volume hospital or a focused outpatient center, your success depends on consistent quality, operational efficiency, and a partner who shares your commitment to care. That's where we come in.

This catalog showcases our full product line, including our tiered offerings designed to meet a range of clinical and comfort needs. Standard represents our dependable core products that deliver strength, consistency, and value. For elevated experiences, our EliteCare Collection features two premium tiers: Select, offering enhanced comfort and appearance, and Premium, our most refined linen solutions designed for exceptional patient settings and brand-conscious environments.

No matter which level you choose, our goal remains the same—to help you serve your patients and teams with confidence and care.

With appreciation,

Don Haferkamp
President & Chief Executive Officer
Crown Health Care Laundry Services

Understanding Our Linen Tiers

Standard ★

Our standard offering. Durable, dependable, and designed for high-volume environments where consistency and value matter most. Ideal for general inpatient and outpatient use.

Select ★★

Part of our EliteCare Collection. Offers an enhanced level of comfort, softness, and presentation. A great choice for clinics, surgery centers, and departments that want to provide a more elevated experience.

Premium ★★★

Our highest level of linen within the EliteCare Collection. Delivers an upscale feel, exceptional quality, and brand-forward design. Perfect for VIP rooms, executive care suites, and areas focused on patient satisfaction and first impressions.

Why 100% Polyester?

- ➔ Built to perform in healthcare settings
- ➔ Superior Durability: Stands up to industrial laundering without thinning, tearing, or pilling.
- ➔ Stain-Resistant: Holds up better against blood, iodine, and other common medical stains.
- ➔ Colorfast: Maintains a clean, professional look wash after wash.
- ➔ Soft Hand Feel: Specially finished for patient comfort without sacrificing strength.

Crown's Standard Non-Sterile Surgery Packs

Crown offers a variety of standard OR linen packs, with or without custom folds. Each pack comes with a Class 5 steam and EO sterilization strip that notes "accept" or "reject," so your staff can immediately read sterilization process conditions inside each pack, easily and accurately.

OR Towel Pack

Our surgery towels are 18" x 33" of 100% cotton in a low-lint huck weave. Available in two, four, six, eight, 10, 12, 16 and 40 towels Misty Grey towels per pack.

OR Wrapper Pack

Dual-ply wrappers in 54" x 54" or 72" x 72". Available in packs of two or four wrappers.

OR Sheet Pack

Ultra-smooth, high quality T180 percale sheets. The cotton/polyester blend allows for minimal linting and pin holes. Available in one, two, three or four sheets per pack.

Back Table Cover Pack

Each pack contains one 60" x 90" general purpose cover that is made from breathable, reusable, liquid-resistant surgical fabric.

Eye Sheet Pack

Versatile 20" x 20" ophthalmic drape perfect for isolating smaller operating areas. Soft, lint free packs of 10 sheets.

Surgical Gown Pack

This pack features ANSI/AAMI Level 3 barrier gowns with back ties or snap closures and cuffed sleeves. QCM grid for monitoring wash/dry cycles. Available in L, XL and XXL. One gown or multi-pack available.

Labor & Delivery Pack

Our L&D pack contains two high quality OR towels, two extra soft baby blankets and one rear open breathable, liquid resistant isolation gown with a QCM grid for monitoring wash/dry cycles.

C-Section Pack

Welcome baby with four extra soft baby blankets and 20, 100% cotton, 18" x 33" surgery towels.

Trauma Pack

This functional pack offers four 70" x 70" surgical drapes and eight, 100% cotton, 18" x 33" surgery towels.

Need a custom linen pack? Not a problem!
 Inquire with your Crown Health Care Laundry representative.

FACILITY SUPPORT TEXTILES & SUPPLIES

Supporting a cleaner, safer environment across your facility.

From microfiber mops and EVS towels to floor mats and dust control solutions, this collection is designed to help your team maintain high standards of cleanliness and safety. These durable, easy-care products are essential tools for infection prevention, floor safety, and day-to-day environmental services. Whether in patient rooms, public spaces, or support areas, our EVS textiles work as hard as your team does. *Product availability may vary by location. Please check with your Crown customer service representative for details.*

DIETARY LINEN

Durable support for food service in clinical environments.

Our Dietary Linen collection is designed specifically for hospital dietary departments, where cleanliness, durability, and utility are essential. This includes aprons for staff, dish towels for prep and cleanup, and tablecloths and napkins used in patient dining or visitor service areas. All items are built to withstand frequent laundering and the high demands of healthcare food service operations. *Product availability may vary by location. Please contact your Crown representative for details.*

SCRUB DISPENSING SOLUTIONS

Technology-enabled control, accountability, and convenience.

Crown partners with IPA, the makers of ScrubEx and aEx, to offer automated scrub and linen dispensing systems that support real-time inventory visibility, reduce loss, improve utilization, and maintain infection control. While these systems are not required, they can be a powerful tool for facilities looking to streamline access, promote accountability, and leverage technology in daily operations.

Staff can retrieve scrubs using either their badge or a personal identification number. Administrators gain full visibility into usage across all connected machines, helping drive smarter ordering and better control. A standard 120V outlet and Ethernet connection are required, and machine footprint varies by model. Crown offers both rental and direct purchase options to fit your facility's needs.
